

## CUSTOM

---

In addition to our various sun control products, Architectural Fabrication offers various custom services and adders that can be coupled with our core products to further enhance the look of your project. Architectural Fabrication can also assist in the design, fabrication, and install of custom solutions that include roof screens, integrated lighting, ACM and more.

## CUSTOM INTEGRATED LIGHTING

---

At Architectural Fabrication, we use our knowledge and experience in the construction process to combine multiple trades. If your shade solution requires integrated lighting, then we are your choice. Ask us about On The Border and Applebee's and we will tell you about how we created a lighting solution that exceeded our client's expectations.

Please visit [arch-fab.com](http://arch-fab.com) or reach out to our sales team to find out more.

## CUSTOM ROOF SCREENS

---

Does your project need roof top units to be concealed/screened? This is a very common requirement in today's construction environment. Architectural Fabrication has the perfect solution for you. Our roof screen product is manufactured out of 6063 extruded aluminum materials, including low profile 2.25" frame and slim Zee blade infill. These screens can be designed and sized to meet the specific needs of your project.

## CUSTOM ACM FASCIA

---

Our canopies have an ACM custom fascia option. Contact us to discover if ACM is the right choice for you project. Its design provides the rigidity of heavy-gauge sheet metal in a lightweight product. ACM offers multiple color options to give your project the look you want.
